Harold-

What would you think of a ~~[illegible]~~ national conference here in The Twin Cities? Would you help me set it up? Speak? Run a series of seminars?

Another suggestion I've got here is to set up a new national committee to be called (my idea for the name): "The Non-CIA CIA." Would you join us? (Why didn't Bud have you on "his" committee? Probably ~~[illegible]~~ because he knew you were (& still are) the most effective U.S.G. critic going!

Best wishes - and get well soon!
